

Tyler Willis

Loudon, NH • tyler.willis@designit.com

Experienced **FRONT-END DEVELOPER**

- Web developer with 8+ years of experience designing and developing user interfaces, architecting efficient applications, constructing databases and debugging APIs.
- Self-motivated and driven to succeed, loves building new projects and refactoring existing applications.

RELEVANT EXPERIENCE

Designit, Seattle, WA, **Full-stack Developer**, April 2021 to Present

- Developed the UI for an Electron desktop application that runs a demo on over 300k in-store devices 24/7.
- Successfully launched a project that was under-resourced and approved at less than 1/3rd of the original, estimated cost.
- Created client-facing React applications and integrated them with Contentful headless CMS.

Mullin/Ashley, Chestertown, MD, **Full-stack Developer**, Jan 2016 to April 2021

- Designed and developed web applications for clients using React, SCSS, PHP and SQL.
- Initiated and optimized SEM and SEO campaigns averaging ad spends of \$50,000 per year.
- Maintained over 30 cPanel hosting accounts and 3 cloud servers
